

16 January 2015

## END OF LIFE - NOTIFICATION No. KBE-0015

Kingbright Electronic Co., Ltd. Taiwan have advised that the High Brightness LED **KASL-4805 series** will be moved to EOL (End of Life) due to low demand.

Kingbright will offer KASL-4805 series until the current PCB inventory has been exhausted. It is estimated that the current inventory stock will last for about 6 months.

Therefore the EOL status for KASL-4805 series will become effective latest on 30 June 2015.

Unfortunately we cannot offer any replacement for KASL-4805 series.

If you should have any requirement for KASL-4805 series within the next 6 months, please check the availability with us first.

With best regards

**Udo Reinhold**

*Managing Director*
